## PUBLIC WORKSHOP SESSION

- What:** Spatial Planning for Mangawhai
- Where:** Mangawhai Domain
- When:** Saturday 31 August 2019
- Time:** 12:30pm - 4:30pm

### **Purpose of the Public Workshop Session.**

You are invited to play your part in the creation of Council's Spatial Plan for Mangawhai. We are bringing together all the work that has already been completed for Mangawhai, the Mangawhai Community Plan (2017) and Mangawhai Structure Plan (2006). This work builds on the aspirations and ideas gathered during the District Plan workshops held earlier this year.

Once these plans, aspirations and ideas have been brought together they will inform one strategic spatial plan for Mangawhai. This will include identification of zoning and appropriate land use locations.

*We look forward to seeing you there and hearing your ideas.*
